

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Continued consolidation of media can only lead to diminished quality and politically leads to the greatest threat to democracy: fascism. When only a few corps control the news you have mind control, lies become fact as we have seen ever since the Fairness Doctrine was removed. When corps control the people that's fascism.
